

Plantation Ball Ticket Sales Said Booming

The ticket sale for the Y-12 Plantation Ball, to be presented Friday night, June 11, at the Oak Terrace ballroom is progressing briskly, members of the Y-12 Girls Club, sponsors of the event, have reported. Indications point to a large attendance of Y-12ers seeking summer fun at the affair.

The tickets may be purchased at cashiers at both lines at the Y-12 Cafeteria, the Cashier's Office in Bldg. 9704-2, the Y-12 Check Cashing facility in Bldg. 9723-12, the Y-12 Employees Credit Union in the basement of the cafeteria and from all members of the Girls Club in many of the plant buildings. The tickets sell for only \$1 per person if bought before the night of the Plantation Ball, or \$1.25 at the door.

Girls Club members have gone on a "shush-shush" basis when discussing details of entertainment to be presented at the Plantation Ball, but promise some real surprises and lots of fun for one and all.

Clarence Neal's orchestra will provide music for dancing from 9 p.m. until 1 a.m. Dress will be on the informal side with the women wearing their best cotton frocks and the men coming in sport shirts and slacks—all for comfort.

New AIT Bus Schedule Serving Y-12 Given

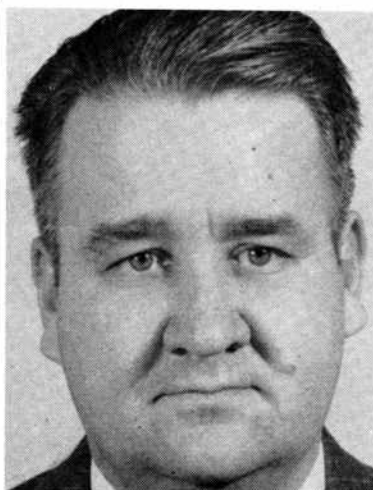

A new schedule for AIT bus transportation between Y-12 points and Oak Ridge will go into effect on next Monday morning, June 7, it was announced by AIT last week. The new schedule provides five trips each way on week days and three on Saturdays and Sundays.

On Mondays, Tuesdays, Wednesdays, Thursdays and Fridays, buses will leave Central Terminal for Y-12 at 6:30 a.m., 7:32 a.m., 2:20 p.m., 4:16 p.m. and 10:25 p.m. Return trips from the Y-12 Bear Creek Portal, with stops just a few minutes later at the West Portal, Central Parking Lot, North Portal, ORNL Portal and East Portal, will depart at 7:13 a.m., 7:52 a.m., 3:23 p.m., 4:43 p.m. and 11:13 p.m. The Saturday and Sunday schedules call for busses leaving Central Terminal at 6:30 a.m., 2:25 p.m. and 10:25 p.m. From the Y-12 Bear Creek Portal on those days departures will be at 7:13 a.m., 3:13 p.m. and 11:13 p.m.

Y-12ers Reminded To Report Journeys Out Of Country

With the vacation season now in full sway, all Y-12ers are reminded of the security provisions of the plant requiring anyone journeying out of the country to report their plans before departure. The provisions apply to all trips outside the continental limits of the United States, including Canada and Mexico.

Any Y-12er desiring information on the matter is asked to call the Y-12 Security Office, Bldg. 9704-2, telephone 7125.

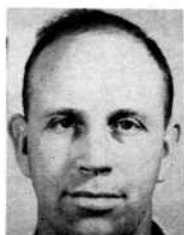

W. K. Whitson, Jr.

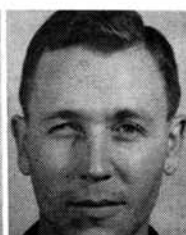

Alloy Division Head Now W. K. Whitson, Jr.

Departments Given New Superintendents

Organizational changes in the Alloy Division were announced a few days ago and now are in effect. W. K. Whitson, Jr., former Chemical Operations Division head, is Superintendent of the Alloy Division. Whitson originally came to work in Y-12 back in 1944, left a couple of years later and returned on January 2, 1951.

J. W. Ebert

R. D. Williams

Under the announced organization change, R. D. Williams is Superintendent of the Beta-4 Department of the division. Williams, a Y-12er since June 8, 1943, has been superintendent of the Alloy Division. J. W. Ebert, also listed as Alloy Division Superintendent, is Superintendent of the Alpha 5 Department of the division.

He came to work in Y-12 on November 29, 1944.

H. C. McBirney, who came to Y-12 as a transfer from K-25 on September 1, 1947, now is Superintendent of the Beta-2 Department of the Alloy Division. He has been a Carbide employee since January 8, 1944 and was with the Y-12 Superintendents Division until assuming his new duties.

Williams, Ebert, and McBirney all report directly to Superintendent Whitson.

SECRETS SAID KEPT

The New York Times has reported that Clarence D. Howe, Canadian minister of trade and commerce has told the Canadian House of Commons that Britain and Canada do not exchange information on atomic or hydrogen weapons.

Cafeteria Sets Two Special Meals Weekly

Encouraged by the popularity of the Thursday Special Lunches served for the past several months, the Y-12 Cafeteria will serve the 50-cent meals twice weekly from now on. The specials will be offered on both Tuesdays and Thursdays in the future.

The lunches feature an entree, one vegetable, choice of salad or dessert and rolls and butter.

Here are the entrees for Thursday, June 3, and next Tuesday, June 8.

Thursday, June 3—Stuffed peppers, Spanish style.

Tuesday, June 8—Chopped sirloin steak with mushroom sauce.

Camera Club Meeting Is Set Next Tuesday

An address on color photography of flowers and a black and white print competition on children will feature the June meeting of the Carbide Camera Club to be held at 7:30 o'clock next Tuesday night, June 8. The meeting will be held in the newly-decorated club rooms in the Y-12 East Portal building. All members and prospective members are urged to be present by A. A. Palko, president of the club, who is a Carbide employee in the Y-12 Plant Area.

N. C. Carmichael, of the Maxon Construction Co., will be the speaker at the meeting. He will explain and demonstrate his own technique of color photography of flowers. His talk will be illustrated with color slides.

The black and white print contest will be unique for the June meeting, Palko said. Contests will submit a series, or strip, of four or more pictures of children. All must be placed on a 16 by 20-inch mount with the number of pictures limited only by the room on the mount.

The deadline for submitting entries is noon, Saturday, June 5. The entries will be turned in to officers of the club. In addition to Palko, other officers are Mrs. Virginia Coleman, former Y-12er, vice president; and E. R. Taylor, of K-25, secretary-treasurer.

All employees of Carbide in Oak Ridge are eligible for membership in the club, composed of amateur photographic enthusiasts in the three local plants. The present membership is around 50. Any Y-12er wishing to join the club and enjoy the privileges of the club dark room facilities and exchange of views with other photographers are invited to attend the meeting next Tuesday.

REDS 'HIDE' BUDGET

According to the Washington News, Allied experts are closely studying the 94,000,000,000 ruble fund found "hidden" in Russia's new budget, fearing the money may be earmarked for H-Bombs, espionage and subversion.

'BOMBAST' BLASTED

The Wall Street Journal editorially agreed with Defense Secretary Charles E. Wilson that while it is important for the world to know American atomic bomb strength—no security can be obtained from "bombast."

E. C. Ellis

Edward C. Ellis Heads Manufacturing Office

New Superintendent Comes Here From K-25

Edward C. Ellis has been designated as Superintendent of the Manufacturing Office Division of Y-12, effective June 1. He will report directly to the Y-12 Plant Superintendent.

Superintendent Ellis came to work for Carbide on October 10, 1945, after serving in the Navy

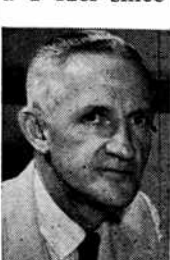

N. H. Bethea

F. C. Uffelman

during World War II. He was with the Process Division at K-25 for two months, then transferred to the Accounting Department where he has been until his recent transfer to Y-12.

Organizational changes in the division, also effective on June 1, have Nelson H. Bethea responsible for budgets, methods and reports. He is an Engineer Leader in the Superintendents Division and came to work in Y-12 on June 2, 1947. Fred C. Uffelman will be responsible for SF accountability, production inspection and production scheduling under the change. He is Uranium Control Department Superintendent and has been a Y-12er since September 4, 1943.

Ray Barron

Ray J. Barron, Office Manager for the Manufacturing Office Department, will be responsible for accounting, stores and property under the new arrangement. Barron has the longest Company Service record of any Carbide employee in the Y-12 Plant Area, having been employed on April 11, 1927. He observed his 25th anniversary with the Company in 1952. He came to Y-12 in February, 1948, from the K-25 Plant.

Bethea, Uffelman and Barron all will report to Superintendent Ellis.

Accurate Data On All Employees In Y-12 Sought

Questionnaire Cards Will Be Distributed With June Pay Checks

It is highly important to all Carbide employees in the Y-12 Plant Area—as well as to the Company—that they have accurate personal records on file with the Company. This data includes home addresses and telephone numbers of the employees and the addresses and telephone numbers of persons to be notified in cases of emergencies and other information required to keep the plant personnel records up-to-date.

In a program to obtain this full information about Y-12 and Oak Ridge National Laboratory employees in the Y-12 Plant Area, questionnaire cards are to be distributed to everyone this month. The questionnaire will be known as Employees Residential and Information Change Form and will be attached to pay checks of weekly and hourly paid employees on Friday, June 11 and to the checks of monthly paid employees on Friday, June 25.

Cooperation of All Urged

The full cooperation of every Carbide employee in the Y-12 Plant Area is urged in the effort to maintain accurate information in the plant records—so everyone who is in any doubt as to the correctness of the information now on file at the Y-12 Personnel Records Section is asked to completely and accurately fill out the form.

When the card is filled out—employees are asked to place it in the Company mail. The cards are already addressed to the Personnel Records Section, Bldg. 9701-1 and do not require an envelope.

Complete Data Necessary

The information requested in the questionnaire includes the employee's name, badge number, department number, what payroll (weekly, hourly or monthly) to be designated by an initial letter, plant address and telephone number of the employee's Supervisor, the home address and telephone number of the employee and the same information on two persons to be notified in cases of emergencies. The card also will ask information on the number of dependents, marital status, draft status and education of the employee.

In filling out the last item, employees are merely asked to give

FUIS—SHEPHERD

A wedding of interest to the many Y-12 friends of the couple took place Sunday afternoon at the Kern Methodist Church in Oak Ridge when Ethel Shepherd, of the Tool Department; and Frank Fuis, of Chemical and Industrial Engineering; were married. The ceremony was performed at 2:30 p.m. by the Rev. G. W. Elliott, pastor of the church.

The bride is the daughter of Mr. and Mrs. M. J. Akers, of Oak Ridge. He also is a Y-12er in the Buildings and Grounds Department. Fuis is the son of Mrs. Anna Fuis, of Norris, Tenn.

Mr. and Mrs. Carl Green served as best man and matron of honor, respectively, at the wedding. Following the ceremony, a wedding dinner was given at the Park Hotel, Clinton.

Congratulations to these three Y-12 employees who became fathers of babies born recently at the Oak Ridge Hospital—

Morris G. Crouch, General Utilities, boy, May 24.

H. Landry, Chemical and Industrial Engineering, boy, May 24.

Wayne R. McLellan, Chemical, girl, May 26.

Testing Group To See Films, Nominate Officers For Year

An interesting program of moving pictures and the annual business meeting will feature the session set for Monday night, June 7, of the Oak Ridge Chapter of the Society for Nondestructive Testing. The meeting will be held at 8 p.m. in Room 129, Oak Ridge High School. The room is easily reached by entering from Providence Road, being the first room on the right.

The first film will cover Industrial Photography, describing useful techniques. The Master Slave will show the remote control apparatus used in manipulating radioactive materials from a safe distance. Protecting The Atomic Worker also will show the many safeguards employed to protect persons working close to radioactive materials.

Nominations for officers for the coming year will be made at the meeting and the considerable number of Y-12ers who are members of the chapter are urged to attend the session.

'BEAR TRAP' IS SEEN

The Albuquerque, N. M. Journal, has stressed editorially that atomic weapons are the nation's chief source of security and warns against falling into a "bear trap" of Russian proposal calling for a banning of such weapons.

Miss Shirley Hunt

HUNT - KIRKWOOD

The engagement of Miss Shirley Blake Hunt to Charles Erwin Kirkwood, a Y-12 employee in the General Utilities Department, has been announced by Mr. and Mrs. David F. Hurt, of Burchfield Heights, parents of the bride-elect. The wedding has been set for 8 o'clock Thursday night, June 17, at the Oak Ridge First Methodist Church with the Rev. Frank Porter, pastor, officiating.

Kirkwood came to work in Y-12 shortly after graduating from Oak Ridge High School in 1949, where he was outstanding in scholarship and athletics. He later enlisted in the United States Air Corps, serving 33 months and in many different bases in the nation. He is the son of Mr. and Mrs. Roy S. Weaver, of Knoxville.

The bride-elect graduated from Oak Ridge High School in 1953 and now is attending the University of Tennessee. While at ORHS she was active in many circles. She was Miss Oak Ridge High School of 1953, member of the Penguin Club and cheerleader for three seasons. At the university, she is a member of the Kappa Delta Sorority.

Miss Hurt's maid of honor will be Miss Jane Stephenson and she will be given in marriage by her father.

Best man will be James E. Kirkwood and ushers will be C. J. Maddox, Bill Maddox and Dick Garland, all former Y-12ers and sons of Y-12ers, and Ray Williams.

Rides Wanted, Offered

Ride Wanted or Will Join Car Pool—From Harriman to North Portal, straight 7 a.m. to 3 p.m. shift. E. L. Soard, plant telephone 7903.

Ride Wanted—From Tillery Road, Inskip section of Knox County to East Portal, straight day. F. D. Bradburn, plant telephone 7228, home telephone 6-3436, Knoxville.

Ride Wanted—From North LaSalle Road to North Portal or Central Parking Lot, straight day. Ed Beaven, plant telephone 7779, home telephone 5-8823, Oak Ridge.

Ride Wanted—From 311 Villanova Road, Garden Apts., to North Portal. George H. Fries, plant telephone 7248, home telephone 5-5807, Oak Ridge.

One Rider Wanted—From North Hills section of Knoxville to East Portal, straight day. R. D. Satterfield, plant telephone 7946, home telephone 3-5243, Knoxville.

Two Riders Wanted—From North Hills and Lincoln Park sections, Knoxville, straight day. Sam Peake, plant telephone 7493, home telephone 4-5401.

Ride Wanted—From Lake City to Bear Creek Portal, Relief Shift.

June 'Bustin' Out All Over' In Birthdays

June is well known as the "month of brides" but the sixth month of the year likewise has a number of historical birthdays that should be well remembered by all Americans.

Jefferson Davis, President of the Confederate States of America, was born in southwestern Kentucky on June 3, 1808. A massive monument now stands to his memory, being erected at the site of his birth.

Noted Virginian Born in June

Another noted Southerner, Richard Henry Lee, of Virginia, was born on June 7, 1770. As Virginia delegate to the Continental Congress, Lee moved adoption of a resolution that "these united colonies are, and of right ought to be, free and independent states." The resolution was adopted on the following July 2, and was the forerunner of the Declaration of Independence.

On June 14, 1777 the Continental Congress officially adopted the Stars and Stripes as the "flag of the United States." The date is widely observed as Flag Day throughout the country.

The date of June 17 is the anniversary of the Battle of Bunker Hill in the Revolutionary War. This engagement was fought in Massachusetts in 1775 and brought forth the historic statement by the victorious American commander, Col. William Prescott, "Don't fire until you see the whites of their eyes."

June also has its number of "days" of more recent origin. Old Maid's Day is observed on June 4 under sponsorship of the Norris-town, Pa., Chamber of Commerce "to recognize deeds of kindness and sacrificial service in interest of mankind made by many spinsters throughout our land."

Whether by design or coincidence—probably design—Expectant Father's Day comes on June 19—the day just before Father's Day to be observed on June 20. Then, just to wind it up and lure more masculine personalities to haberdashery stores, National Bow Tie Week has been set for June 20-26.

The jewels of the month of June are the pearl and moonstone and the flower of the month is the rose.

The following Y-12 employees were patients in the Oak Ridge Hospital last week:

Chester L. Estes, Field Welding; J. J. Cavosie, ADP Maintenance; Harold H. Neal and Lee Maxwell, Guard; W. L. Bailey, Cafeteria; John Sheppard, A. A. Baer and E. P. Duke, Product Processing; J. L. DeMent, T. S. Higgins, Jack T. Hale and Richard K. Eager, Alloy Division; W. M. Hopkins, Civil and Architectural Engineering; Noel H. Moon, Production Inspection; J. F. Ray, General Machine Shop; F. H. DeFord, Research Services; W. C. Johnson and G. G. Boshears, Buildings and Grounds; Robert F. Manning, Field Maintenance; Byron D. North, Chemical and Industrial Engineering; H. W. Babb, C Mechanical Operations; Alta L. Curtis, Production Assay.

F. P. Adams, plant telephone 7367 or 7-8260.

Riders Wanted—From Harriman, C Shift. N. E. Hamby, plant telephone 7367, home telephone 1577-W, Harriman.

Rider Wanted—From Powell, straight day. W. H. Donahue, plant telephone 7411, home telephone 4-5641.

GUESTS AT A CHINA SHOWER GIVEN LAST THURSDAY night for Miss Evelyn Pharris, who was married Saturday in Cookeville, Tenn., are shown above. The affair was given by Y-12 women employee friends of the honoree at the home of Edna Kennedy. In the picture are, front row from left, Frances Robinson, Irene Reed, Anita Hutcheson and Willodyne Hines. In the middle row are Bettye Driver, Ada Hopkins, the honoree Miss Pharris, Helen Ross and Lucille Whitman. Standing in the rear are Edna Kennedy, Vivian Normand, Rosie Langsjoen, Judy Reeves, Dottie Dean, Esther Moody, Betty Jo Butler, Desma Blair and Meta Butler.

From the green and gray-trimmed editorial sanctum of **The Bulletin**, herewith is presented another installment of what we in the trade call "Strictly Corn."

MANUFACTURING OFFICE

To properly launch this week's crop of items let's go 'way out on River Road for news about the Property Sales contingent—and they say it ain't junk, either. Sterling correspondent **Ross Eichorn** wig-wags from those far away places that **Ben Hope** is rapidly regaining that old sparkle in his eyes after his seige of doctor-instigated rest . . . **Len Pace's** black arm band is for mourning over election returns—not a death in the family . . . **Stella Gammel** is smiling again now that her husband's "Syracuse" veins (Oh, Ross, how could you!) have been repaired . . . **O. W. "Pat" Patrick's** new "Petros" bus is running according to schedule and his dreams . . . **Charley Butler** is nursing a bad back and pals are asking, "Wot hoppen, Charley? Did that big 'un cause so much trouble that it weakened your spinal cord?" Charley caught six big ones on a recent angling endeavor. . . **Doc Miller** and **U. Hicks** are having trouble finding space for those 600 tomato plants **Gwenn Lindsay** presented to them . . . Thank you, **MISTER Eichorn**.

In the Manufacturing Office Department **Pearl Lindsay**, of Reproduction, and her husband, **S. W. Lindsay**, of the General Machine Shop, are vacationing this week in Enid, Okla. . . **Joyce Ross** also is a vacationer of the week . . . **Irene Turner** and her husband journeyed up to Charlottesville, Va., for a long Memorial Day week-end visit with her folks.

Dorothy Tompkins, of Property, and husband, **Ted**, of the Atomic Energy Commission, are vacationing in St. Petersburg, Fla. . . **Kenneth Denton** and family chose the other Florida coast for a week's rest—at Daytona Beach.

Stores states that **H. C. Peters** is in Rockwood vacationing . . . **A. O. Phillips** was ill in St. Mary's Hospital in Knoxville last week and folks are sending him get-well-quick wishes . . . **E. W. Burchfield** is back after a recent illness.

The Tool Department tells that the **Strunks**, "Buzz," and his wife, **Ann**, of ADP, are vacationing at their new home on the lake—just catching up on loafing and fish-

ing . . . **P. H. Redmon** is at home at Wartburg this week . . . **R. C. McGuffin** is moving from Harriman to Oakdale while vacationing . . . **Tillman Phillips** is another vacationer of the week.

MECHANICAL OPERATIONS

The General Machine Shop was all "het up" last week over the week-end scheduled golf match featuring **J. M. Patterson**, **Floyd Ludwig**, **N. E. Hamby** and **C. F. Peterson**—seems as how Patterson challenged all three to a buck-a-hole encounter at the Oak Ridge tee terrain . . . **J. R. (Jim) Thorpe** is spending his two-week vacation on a trip to Denver, Col., where he will attend the wedding on June 5 of his daughter, Patricia . . . **N. H. Wise** has his eyes on some of those Y-12 Fishing Rodeo prizes and is trying to land some fish ample enough in size to drag down an award . . . Other vacationers include **C. M. McCarey** in Knoxville . . . **T. K. Bishop** at Powell . . . **J. E. Hargis** and family at Clearwater, Fla. . . **R. L. Hill** visiting his mother at Bismark, Mo. . . **E. G. Gardner** visiting his mother at Martinsburg, W. Va. . . **O. Mack** doubling vacation and honeymoon (lucky you) . . . **A. E. Burns** touring Virginia . . . **Mike Shemanski** enjoyed the holidays at Shenandoah, Pa. . . Condolences are offered **E. L. Pemberton** whose father died recently in Knoxville.

Mechanical Operations Department friends extend deepest sympathy to **Richard E. Dew**, whose mother died a few days ago in Knoxville.

TECHNICAL DIVISION

Chemical and Industrial Engineering hopes the mother of **C. C. Devaney** gets well soon—she was reported seriously ill last week . . . **John Hill** is vacationing down on the Gulf Coast at Gulfport, Miss.

Kay Sideris, of Project Construction, is vacationing in Detroit, Mich.

W. M. Hopkins, of Civil and Architectural Engineering, was receiving get-well wishes last week at the Oak Ridge Hospital.

Betty Hill, **Tom Keene** and **J. C. Thompson** are Mechanical Engineering vacationers of the week.

Betty Sue Davis, of Laboratory Operations, is vacationing in Minnesota.

CHEMICAL

Product Processing has **Laura B. Pruden** and husband on vacation. Continued on Page 4

A GROUP OF BOWLING TROPHY WINNERS IN VARIOUS Y-12 PLANT LEAGUES AND the All-Carbide Tournament are shown above. Sitting from left are, Roy Roberts, George Riddle, Avery Kendig, Len Hart, L. E. Sikes and Bill Hays. Standing from left, Elmer Green, Charley Greene, L. G. Freeman, Bill Freels, Jack Spears, Paddy Peckman, Clyde Smith, W. W. Smith, C. White, George Schierbaum, D. B. Williams and H. V. Tripp.

ONE OF THE MOST IMPROVED TEAMS IN THE Y-12 Plant Softball League is the Steamers shown above. Sitting on the front row from left, Joe Hart, Ed Spradling, Ray Plyman, Jake Burchfield, Jack Simmons and Charles Wilson. Back row from left, J. May, Ken Wright, Ed Garrett, I. Maples, Roy Ballew and F. Neil. Absent from the photo are Ken Nuchols, Jack Neil and Bryant Hobbs.

Bombers Rolling Along In Top Spot In Fast Y-12 Plant Softball Circuit

The "B" Shift Bombers, a team with plenty of hustle and fight, is rolling along in the Y-12 Plant Softball League in first place by a one-game margin. The Bombers played one game last week and took a 12 to 5 win from Maintenance.

Gib Hatmaker twirled a seven-hitter while Castleberry led the winners at the platter by getting three straight doubles. Walker paced Maintenance as he banged out three base knocks.

The 49ers are in second place in the loop with seven wins and only two losses. The second place combine turned in a win over the Steamers by 13 to 4. Louis Fitzgerald and Curt Ridings each hit a long four master over the panels at Pinewood for the 49ers. Harley Law chunked a fine six hitter for the winners. E. J. Garrett, outfielder for the Steamers, clouted three bingles for the losers.

Other league action involved many base hits and runs as ADP won over Maintenance by 13 to 7, the Guards paced by C. L. Stevens nipped the Engineers by 17 to 14 and Maintenance bounced back

into the win column by taking an 11 to 6 victory from the Guards as J. H. Jones, Maintenance pitcher, cracked out two hits including a home run in the fourth inning.

Schedule for the week of June 7 follows:

Monday, June 7—6:15 p.m., Bombers vs 9212. 7:45 p.m., Guards vs UCJV.

Tuesday June 8 — 6:15 p.m., 49ers vs Engineers. 7:45 p.m., Bombers vs Guards.

Wednesday, June 9—6:15 p.m., Guards vs Steamers. 7:45 p.m., 9212 vs UCJV.

Tuesday, June 10 — 6:15 p.m., Engineers vs Bombers. 7:45 p.m., Steamers vs Maintenance.

Line scores and league standing follows:

Team	R	H	E
Bombers	0	4	0
Maintenance	0	0	0
Hatmaker and Castleberry, Jones and Ballew.			

Team	R	H	E
ADP	1	0	6
Maintenance	0	0	0
Cook and Lambdin, Jones and Everett.			

Team	R	H	E
Steamers	1	0	2
49ers	5	3	3
Spradling and Simmons, Law and Dodson.			

Team	R	H	E
Engineers	4	0	1
Guards	2	0	0
Guerrant and Wolfe, Burnett and Stevens.			

Team	R	H	E
Guards	0	1	0
Maintenance	1	5	0
Bradshaw and Stevens, Jones and Ballew.			

Team	W	L
Bombers	7	1
49ers	7	2
Guards	5	4
ADP	4	4
Steamers	4	5
Maintenance	4	5
Engineers	1	7

Y-12 Slo Pitchers Lose Second Game

The Y-12 Orioles in the Oak Ridge City Slo Pitch League went down in defeat last week for the second time this season by losing to the Jewish Congregation by 18 to 16 in a hitting contest from start to finish. Manager Andy Anderson and his charges were weakened due to the absence of several starting players.

Furlong led the Y-12 men with five straight bingles.

Next game for the Orioles will be at 8 p.m. tonight, Wednesday, June 2, at Midtown No. 1 Field against AECEA.

Y-12 Bowlers Get Awards

Trophy Presentation Completes Pin Season

The big trophy presentation day of the year took place last week at the Y-12 Recreation Office, Bldg. 9704-2, as all the winners in various Y-12 Leagues and the All-Carbide Tournament received their beautiful awards.

Here is the group attending the presentation with the events and names of the winning teams:

Roy Roberts, Has Beens, first place team scratch in All-Carbide; George Riddle, Rebels, B League champs, third place team scratch in All-Carbide; Avery Kendig, Orphans, D League champions; Len Hart, All-Carbide champion bowler, second scratch singles in All-Carbide; L. E. Sikes, All-Carbide Tourney team champions. Y-12 C League champs; and Bill Hays. Wheels, champions of the Y-12 Mixed League.

Other members of trophy winning teams are shown on the back row in the picture above.

With the trophy presentation complete, another year of successful bowling has been finished—and hooooooooo-ray.

Y-12ers Shocked By Death Of Wright

Many of the older Y-12 employees from point of Company service were shocked last Friday to learn of the tragic death of Tommy (Thomas Jefferson) Wright, one of the state's leading golfers—who was a wartime employee in Y-12 in the Tennessee Eastman days. He was in the engineering department of the plant when he worked here in 1945 and 1946.

Wright was killed by a truck just outside Dallas, Tex., and the driver said he "either jumped or fell" under the vehicle. He had been missing from his Kingsport, Tenn., home for several days before his death and was feared a victim of amnesia.

Y-12 Woodpeckers Win Second Tussle

The Y-12 Woodpeckers, representing the plant in the Oak Ridge Class "B" Softball League, took its second win of the season last week by whipping AECEA by 18 to 0. Ed Sise let the AECEA lads down with only one scratch hit but walked seven batters. Leading the Y-12 stickmen were Clyde Hopkins and Curt Ridings with two hits each. The Y-12ers started out with seven runs in the first two innings and coasted in with an easy victory.

Line score follows:

Team	R	H	E
Woodpeckers	2	5	2
AECEA	0	0	0
Sise and Hopkins, Frazier and Tracy.			

Cards Gain Top Loop Spot, Robins Second With Wins

Big Red Blasters Maul Mascot After Losing To Blues; Women Capture Two Tilts In Week

Victories last week by both the Carbide Y-12 Cardinals and Robins put those two softball outfits on or near the top in the men's and women's divisions of the Knox-Ridge League. The Cards swept out in front, as of last Sunday, by licking the previously undefeated Mascot men by 4 to 2. The Robins hit as a unit for the first time this season and beat Corryton by 15 to 6. Going into this week, the Cards had a four and one mark, the lone loss being an unexpected trimming at the hands of the K-25 Blues. The Robins had won three and lost one to take second place.

Both the Cards and Robins will be at home for their next two games and should draw a flock of Y-12 fans to support the wearers of the red and white.

The Cards meet Bell Avenue Baptist at 7:30 p.m. Friday, June 4 and the Oak Ridge Amvets at 9 p.m. Monday, June 7. The Robins will clash with the K-25 Jay-Dettes at 6 p.m. Friday, June 4 and the Palm Beach lassies from Knoxville at 9 p.m. Tuesday, June 8.

A home run by Dick Wyrick coupled with two-hit pitching by Bobby Loy enabled the Cards to curb Mascot, the winners getting eight safeties. These blows included triples by Tommy Perry and Gene Huskisson and a double by Walt Sherrod. The Robins veteran hurler Ella Mae Koontz limited Corryton to six bingles as the Y-12 women banged out 14 and scored at will. Priscilla Savage got a homer and single, Helen Brown and Kay Presley three singles as did the Y-12 pitcher.

The Y-12 Robins got on the victory wagon last week in the women's division of the Knox-Ridge League by taking a lopsided win from the American Legionettes by 27 to 2 in a walking marathon. The Y-12 women strolled to first base 16 times as the Legionette chunker failed to find the plate. The Robins jumped to a nine-run lead in the first inning and from then on it was an easy win. Priscilla Savage and Nell McGinnis each slammed homers for the Robins while Bonnie Roberts and Mary Whitt collected two base hits each.

The Y-12 men, better known as the Cardinals, went down in defeat before the K-25 Blues by 4 to 2 in a hard-fought tussle. The loss was the first for the Cards in league competition this season. Everything went wrong for the Cardinals as passed balls, errors and not hitting in the clutch told the tale of defeat. Morris Perry pitched a commendable game for the Cards as he allowed K-25 only one scratch hit and struck out six batters.

Line scores of games last week follows:

Team	R	H	E
Robins	9	0	2
Legionettes	1	0	0
Koontz, O'Kain and Roberts. Bettis and Sweat.			

Team	R	H	E
Cardinals	1	0	1
K-25	2	0	0
Perry and Seivers. Stewart and Burton.			

Team	R	H	E
Mascot	0	0	2
Cardinals	0	1	2
Mathes and Moreland. Loy and Seivers.			

Team	R	H	E
Corryton	1	3	0
Robins	15	6	2
Koontz and O'Kain. Stipes and Clapp.			

CARL DORR SHOOTS DODO AT RIDGE COURSE

Carl Dorr, of the B Mechanical Operations Department and one of the plant's and city's leading golfers, joined the select rank of linksmen with holes-in-one to their credit last week when he sank his tee shot on No. 15 at the Oak Ridge Golf and Country Club. He was playing with Les Cater, a former Y-12er, when he scored the dodo on the 152-yard hole.

IT WILL TAKE A PRETTY big walleye pike to top this entry of Virgil Lovett, Electrical Maintenance, in the 1954 Y-12 Fishing Contest. This toughie was taken from the Clinch River headwaters near Norris Dam. Lovett used a home tied fly to bag the fish.

Y-12 Fishing Rodeo Closes On Sunday

The second Fishing Rodeo of the year for Y-12ers and members of their immediate families is progressing along nicely with large throngs of plant employees trekking to the haunts of the finny tribe in search of the big one. The rodeo is officially over at midnight on Sunday night, June 6.

First, second and third prizes will be given in each class with weight determining the winners. In case of ties, length and girth, in that order will be used to determine the winner. All money from entry fees will be used to buy prizes.

All catches must be certified by an operator of a fishing dock or the Central Hardware Co. or Sportsmen's Service Supply Store in Oak Ridge. All entry blanks must be left at either of the stores or the Y-12 Recreation Office, Bldg. 9704-2, Room 207, not later than noon on Monday, June 7.

Chairman of the Fishing Rodeo committee in Y-12 is Russell Hopper with his associates being Avery Kendig and Evan Means.

Rippers Keep Lead In Y-12 Golf Loop

The Rippers continued their mastery over all opponents in the Y-12 Plant Golf League last week by winning two points each from the Bogies and Gophers. Other two-point victories were turned in by the Plugs over the Dubbers, Rough Riders over Gophers, Grand Slammers over Hooks via forfeit, Fat Boys over the Eagles while the Crooks and ADP postponed their match until later.

Bill Bauman, of the Rippers, took low gross honors by shooting a 40 while Paddy Peckman, of the Rippers, and Larry Koontz, Rough Riders, each had a 35 to take low net honors.

League standing follows:

Team	W	L
Rippers	14	2
Plugs	12	4
Chippers	12	4
Rough Riders	10	4
Grand Slammers	10	6
Fat Boys	10	6
Eagles	9	7
Gophers	8	6
ADP	7	7
Hooks	6	10
Crooks	4	8
Bogies	4	12
Dubbers	2	14

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days—

James D. Martin, Janitors, June 3.

Charles L. Pigott, Uranium Control, June 5.

Anna P. Smith, Production Analysis, June 6.

Eula M. Hayes, Production Assay, June 8.

Alta L. Curtis, Production Assay, June 8.

Alice M. Elder, Production Analysis, June 9.

Accurate Data Wanted On All Plant People

Continued from Page 1

the total number of years of attendance at elementary, high school and college. It is not necessary to state if any degrees are held.

Care Is Important

Care in filling out the questionnaire is important—whether it is done by the employees themselves or by someone assisting them. A recent audit of cards on file at the Personnel Records Section revealed that in some instances different addresses are given for members of the same family known to be living at the same address. There also are cases where persons typing the cards have failed to include names or telephone numbers and addresses, all of which are vitally necessary in keeping the records accurate. Such inaccurate information makes the cards worthless to both the employees and the Company as far as serving the purpose for which they are kept.

Just recently an unnecessary delay in notifying relatives of an employee injured in a plant accident occurred when the employee's record card showed the address of the person to be notified to be in Kingston, Tenn., when in fact the family had moved to Oak Ridge several weeks ago.

This is an example of the importance to every individual employee of keeping the records up-to-date. It also is important to the Company—such as in the possibility of a plant emergency when it is found necessary to call an employee back to work during an off time period.

The correct addresses also are necessary for employees to receive Company mail at their homes. For instance a recent check of The Y-12 Bulletin mailing list revealed that a number of Y-12 employees have failed to receive the paper because of faulty addresses in the mailing list. In fact, last month there were 95 such cases. When the addresses of Y-12ers are found to be inaccurate, the addressograph plates are removed from the mailing file and held until the correct addresses are provided. As a result employees are not only deprived of The Bulletin but also of Company mail sent to his home.

The information obtained from Carbide employees on the ques-

Bloodmobile Coming For Visit June 9

With a goal of 150 pints of blood, the American Red Cross Bloodmobile will pay another visit to Oak Ridge next Wednesday, June 9 for a one-day stand. The Bloodmobile will be located at its usual site at the Ridge Recreation Hall and will be open to donors from 2 p.m. to 8 p.m.

Many Y-12ers have visited the Bloodmobile on its past visits here to donate a pint of blood each and another large group is expected to follow suit on the next visit. The Oak Ridge Red Cross chapter is receiving applicants on the same basis as previously—through local organizations and directly through telephone calls or personal visits to the chapter house on the Oak Ridge Turnpike.

Red Cross authorities point out that the need for blood donors is just as great now as it was during World War II and the Korean fighting. Whole blood is currently being used for wounded servicemen who still are receiving treatment in military hospitals. It is estimated that seriously wounded men requires an average of 15 pints of blood or plasma during recovery. The death rate among wounded servicemen was held to a minimum because of the vast amount of blood donated during World War II, when the Red Cross collected more than 13,000,000 pints of blood for the Armed Forces.

Golf Loop Reformed After Club Ruling

As a result of the recent ruling of the Oak Ridge Golf and Country Club that only members may use the course, the Y-12 Plant Golf League last week was reorganized with eight teams to compete for the remainder of the season. Four teams were lost completely from the old league and two found themselves with only two players each remaining eligible to play the course. Teams dropping from the loop were the Eagles, Bogies, Dubbers, Hooks and ADP, but the latter two consolidated and will play under the name of the Hooks in the new circuit.

Teams in the reorganized league are the Hooks, Gophers, Plugs, Rough Riders, Grand Slammers, Chippers, Fat Boys and Rippers.

All matches in the first part of the season with the full league were to have been completed by June 1 when the team in first place will be declared the winner. The reorganized league will stage two rounds of play for 14 weeks with the winner of this portion of the season meeting the winner of the first part for the seasonal championship.

tionnaire cards this month will be compared to the information now on hand on wheeldex cards at the Personnel Records Section and any changes will be noted on the wheeldex cards—which provide a "city directory" for the Company. The wheeldex directory is maintained so that the information may be at the finger tips of Company personnel authorized to use it.

Continued from Page 2

tion at various and sundry points in Florida . . . **Mavis Koons** and her husband, **Elmore** (the old He Coon of Field Maintenance) spent the Memorial Day week end in Washington, D. C.

Kenneth Wright, Uranium Processing, is vacationing over at Cherokee, N. C., in the Smokies. . . **Fred Smith** and **W. M. Simpson** also are vacationing this week.

Chemical was smoking cigars on **W. R. McLellan**, who welcomed a new daughter last week at the Oak Ridge Hospital—little Jennifer Lee weighed seven pounds, 14 ounces and is his second child.

ALLOY

The Division extends deepest sympathy to **W. R. McKenzie**, whose father died May 23 . . .

B. F. Wright is vacationing at home in Lenoir City working on his home . . . **Betty Fellers** is wearing a new and lovely diamond ring—the lucky guy is **Roy Norris**, also of ADP . . . **W. L. Harper** is living out the few remaining days before Uncle Sam tags him for military service by just loafing and resting (getting in condition, he says) while vacationing at Wartburg . . . **F. P. Adams** is vacationing at his Lake City home . . . **J. W. Ellison** is vacationing in Kentucky and folks hereabouts are bracing themselves for a barrage of tall fish stories when he returns . . . **J. P. Crowder** and family have returned from a California vacation . . . Another happy face around the place is that of **George McMahon**, who is back from a vacation-honeymoon in Florida . . . A surprise "open house" was held Sunday, May 30, at the home of **Carl Frazier**, the celebration having been planned by his daughter, **Helen**, to observe her parents' 25th wedding anniversary on June 1—a host of ADP folks and other friends were on hand to extend their best wishes to the happy couple . . . **Jack Goldston** is vacationing at Harri-

man . . . Get-well wishes are extended to the wife of **J. W. Ebert**, ill in a hospital . . . **Jo Ann Baker**, her sister **Mary Lou** and **Bucky Marler**, of Oak Ridge National Laboratory, spent the holiday week end over at Fayetteville, N. C., dancing, dining, swimming and having a general all-around good time . . . Get-well wishes also are extended to **J. D. Vannoy** and **Ted Higgins**, both on the ailing list.

INDUSTRIAL RELATIONS

Things are expected to be mighty quiet and peaceful around Room 203, Bldg. 9704-2 this week with **Ava (Jackie) Jackson** vacationing from Training and visiting her folks at Athens, Ala. . . **Ralph Jeffries** was expected back Tuesday from his vacation at Louisville, Tenn.

Paul Ziemke, of Safety, vacationed last week.

Penny Keene, of Medical, and her husband, **Oliver**, of Property, are Florida tourists this week—accompanied by **Virginia Slusher**, also of Medical, and her husband, **Bob**, of Chemical and Industrial Engineering.

James Earl Jones, of the Guard Department, has terminated to do his hitch in the Army . . . Boys in Blue vacationing are **W. C. Roberts**, **A. T. Barger**, **L. O. Campbell**, **C. R. Lively**, **Lieut. W. C. Nelson**, **J. E. Morgan**, **J. E. Jones**, **D. S. Davis**, **R. L. Fain**, **F. F. Loy**, and **J. T. Riddle**.

T. E. Ford is a vacationer from the Fire Department.

Harry Young, the Insurance Department leg man, vacationed last week at his home in Rockwood—doing some fishing.

Wage Standards reports **Judy Reeves** and her husband are vacationing in Akron, Ohio . . . **Meta Butler** and **Betty Jo Butler**, of Medical, spent the past week end in their old home town of Cam-

Several Y-12ers Helping Arrange Outdoor Show By Conservation Club June 10-12

Several Y-12ers are on the show committee of the Oak Ridge Conservation Club arranging details for the second annual outdoor show of the organization to be held June 10, 11 and 12 at the Jefferson Junior High School gymnasium. Club members are confident that the 1954 show will be considerably bigger and better than the highly entertaining and successful affair staged last year.

Among the Y-12ers on the club show committee are **H. O. Finley**, **E. E. Johnson**, **L. K. Flynn**, **Russell Hopper**, **J. P. Dillard**, **O. K. Sergeant**, **G. J. Angele** and **Evan W. Means**.

Six local organizations already have planned exhibits for the show and more are expected to enter displays before the opening date. Participants now include the Oak Ridge Power Squadron, Atomic Beagle Club, Anderson County Sportsmen's Club, Boy Scouts and the sponsoring club.

A special attraction at the show will be the plaque awarded to the Tennessee Conservation League by the National Wildlife Federation. The award was made to the state group for doing the best job for conservation in the nation in 1953. The scrap book with clippings describing the work of the Tennessee Conservation League for consideration by the federation will be displayed along with the plaque.

Casting Exhibition Set

The nightly program will include a casting exhibition by **Ralph Watson**, former Southeastern champion; life saving demonstrations by the Oak Ridge Safety Council and other features.

The State Game and Fish Commission will have a large exhibit at the show and commission technicians will answer questions on hunting and fishing.

Admission to the show will be free.

And so away we go on to Electrical Maintenance, where another group of vacationers are reported—including **J. H. Wyatt**, **T. A. McFarland**, **H. W. Montgomery**, **R. M. Roard, Jr.**, **G. D. Treece** and **W. B. Lyles** . . . The welcome mat was out last week for newcomer **J. S. Henley** . . . **Gordon Brewer** and **Russell Hopper**, of the General Machine Shop, have quite a fishing rivalry going . . . **Desma Blair** and husband **Frank**, the newlyweds, are vacationing in Panama City, Fla.

Alloy Development Maintenance extends rapid recovery wishes to **H. A. Marrow**, out sick . . . More vacationers—**B. A. Shepherd** going North . . . **H. G. Simerly** along the Southeastern Seaboard . . . **A. D. Cotton**, **W. T. Pratt**, **M. P. Welch**, **W. M. Stephan**, **F. J. Salts** and **M. C. Tipton** just around and about.

Field Maintenance is right in style with a flock of vacationers . . . **S. R. Cotham** went to Baltimore for a visit with his daughter and to see her leave for Cuba and thence on to Washington for a visit with another daughter . . . **J. W. Clement** went to Middle Tennessee for visits in Gallatin and McMoresville . . . **E. Lawson** is in Williamsburg, Ky. . . **J. C. Holt** is visiting kinfolds in Pulaski, Tenn. . . **R. C. Trout** is testing the South Carolina fishing spots . . . **C. M. Neal** dropped down to Rossville and Fawn, Ga. . . **J. L. Eller** is in Tellico Plains . . . **E. E. Boyatt** chose Florida . . . **H. F. Plyman** is in Lake City . . . **A. A. Woods** at Caryville, **G. G. Wilson** at Knoxville, **C. G. Treece** visiting a sister in Pennsylvania . . . **Fred Morrow** is moving into his new home at Loudon . . . **Jim McGhee** declaring war on fish in Norris Lake and **J. P. Rolland** hadn't made up his mind last week where he would go . . . The aforementioned **Fred Morrow** also was a member of a fishing party to Gulf Shores, Ala., that included **B. F. Nicley**, **R. E. Mellon** and **H. A. Garrett** . . . **J. A. Hale** was given a newcomer's welcome last week . . . Ailing folks in the department to whom get-well wishes have been sent include **R. S. Manning**, **L. A. Turpin**, **B. M. Adkins** and **R. E. Pelfry**.

Mary E. Gillihan, Research Services, is vacationing in Memphis . . . **P. E. Barker** is visiting friends in Atlanta, Ga. . . **Frances Doss**

and her husband spent the holiday week end in Nashville . . . **Caroylea McKnight** is visiting friends in Pensacola, Fla. . . **W. C. Marler** and **F. O. Gaddis** are back after being sick . . . **J. W. Moody** and **C. L. Estes** have get-well wishes.

The old typewriter ribbon is worn out—so that's all.

Whatever is right or wrong in our world is exactly what is right or wrong in the individual human heart.—Margaret Leckie.

and her husband spent the holiday week end in Nashville . . . **Caroylea McKnight** is visiting friends in Pensacola, Fla. . . **W. C. Marler** and **F. O. Gaddis** are back after being sick . . . **J. W. Moody** and **C. L. Estes** have get-well wishes.
